Job Description for DEPUTY GENERAL MANAGER (DGM)

The Ministry of Micro, Small and Medium Enterprises runs a network of 18 Technology Centers /Tool Rooms (TC) in various parts of India such as Aurangabad, Bhubaneswar, Ahmadabad, Hyderabad, Indore, Jamshedpur, Kolkata, Ludhiana, Jalandhar, Guwahati etc. These TCs are registered as Autonomous Bodies and are Centers of Excellence for training, tooling and die making and consulting across a range of Industry sectors such as Automotive, Aerospace, Plastics and General Engineering, etc. They use latest CAD software packages, advanced precision CNC machining and heat treatment facilities, rapid prototyping, ESDM Calibration, Testing facilities, Incubation, Consultancy facilities and provide training vide NSQF compliant long-term courses and short term courses in related subjects to approx 1.50 lakh persons in a year, apart from providing support to 36000 MSMEs.

The TCs are developing plans to build capacities in terms for training providers and consultants in the fields of AI, AR, VR, metal 3D printing, SAP B1, e-mobility, Advanced manufacturing technologies, solar sector etc.

In addition to above, the Ministry of MSME is implementing TECHNOLOGY CENTRE SYSTEMS PROGRAM (TCSP) - a \$400Mn World Bank assisted project to establish 15 New Technology Centers and upgrade existing 18 Technology Centers. Under this program, the upcoming Technology Centers would be equipped with multiple cutting edge manufacturing technologies, such as CNC Machine tools, 3D Manufacturing/Additive Manufacturing, Advanced Joining Technologies, Water jet/ Laser/ Ultrasonic machining, Robotics and Process Automation, Precision measurement/Metrology equipment, for General Engineering and Automotive Sector, state-of-the art Electronics Manufacturing Facilities, Calibration and Testing Facilities for Electronic System Design and Manufacturing (ESDM) Sector, Flavor & Fragrance etc. Most of the TCs will be operational in 2018-19.

The Ministry of Micro Small and Medium Enterprises is looking for dynamic leaders who are passionate about making a difference with rich background in manufacturing, analytical skills to steer the upcoming Technology Centres and help rapid growth of manufacturing competencies.

Job Profile:

Technology Centers (TCs) are envisaged to play an important role in enhancing the competitiveness of MSMEs in the region. TC will focus on improving access to technology, providing skill up-gradation and offering advocacy support to the MSMEs. Deputy General Manager will be the divisional head of various activities and will work in close co-operation with the General Manager, his team, MSMEs and other stake holders. S/he will report to the General Manager.

The key roles and responsibilities of the Deputy General Manager include;

- Lead activities at the Technology Centre.
- Provide leadership in business growth, building client relationships and people development.
- Oversee and guide Marketing, Production, Training, Design, Consultancy departments at the Technology Centre, as required.
- Responsible for achieving the target KPIs set by the General Manager/Governing Council.
- Close interaction and collaboration with premier R&D and educational institutions, local industry clusters and other MSME Technology Centers.

- Contribute towards nurturing and growth of MSMEs, entrepreneurs and start-ups in the region.
- Identify proactively the Industry Trends.
- Build TC's competencies in the new / up-coming areas of Digital Manufacturing, Industry 4.0 and use of IoT for engineering manufacturing.
- Assist in all activities related to establishment and operationalization of new TC.
- Assist General Manager in growth of Technology Center Network across the country.
