

Requires

Research Associates

Applications are invited for Research Associate positions (two vacancies) in a consultancy project.

Qualifications:

1. Candidates with postgraduate degrees / doctoral candidates in transportation discipline, national logistics policy, and with proven writing / communication skills.
2. Exposure to quantitative modeling / survey techniques / programming languages is mandatory.
3. Significant interest or prior experience in e-Vehicles in Indian transportation sector is preferable.

Role: (not exhaustive)

1. Candidates are expected to work closely with the IIMA faculty, who is the principal investigator.
2. Candidates need to coordinate with different stakeholders extensively and actively do primary and secondary data collection.
3. Analysing and processing data support to the research team.
4. Documentation support to the research team: candidates are expected to write reports, prepare charts / illustrations, presentation decks.
5. Some travel may be required.

Tenure:

The appointment is initially for 6 months with a potential for extension based on performance.

Compensation:

Compensation is commensurate with qualifications and experience. Salary is fixed, and no other perks like housing or TA/DA is permissible.

Both the positions are available immediately.

Location: The selected candidate will be working from IIM Ahmedabad campus. IIMA provides access to library and computer centre for all Research Assistants. If selected, the candidate is expected to manage their own accommodation, outside the IIMA campus which is centrally located within the city of Ahmedabad.

How to Apply? Please fill up this [Google Form](#) latest by **31 July 2025**.

Only shortlisted candidates will be invited for further processing. No communications shall be sent to the rejected candidates. Any other communications from applicants for status updates will not be entertained.
